Module 3 – Conditions of Parcel Collection Services	
Object	• Provide End Customers with a service for collecting and returning their parcels in stores. • For the information of the Marketplace Seller, as of today, Parcel Collection Services will be subcontracted by Weavenn to Fnac Darty Participations & Services.
1. Definition of Eligible Products	• The parcel must not exceed a weight of 20 kilograms and must not exceed the following maximum dimensions: L = 150 cm, L+2H+2W = 300 cm (unfolded dimensions). • In other words, the sum of the length + 2 heights + 2 widths must not exceed 300 cm, and the length must not exceed 150 cm. • Parcel Collection Services are only available for products ordered by the End Customer on Fnac Darty France Digital Marketplaces.
2. Territory and stores	• Parcel collection services are only available for collection from integrated stores in the Fnac-Darty network listed in **Appendix 3.1.** • Parcel Collection Services will be deployed gradually from July 2025. Not all stores on the initial list provided in **Appendix 3.1** are yet operational for this collection service, and the End Customer can only select stores that are actually available on Fnac Darty Digital Marketplaces on the date of their order. The option to choose a store from the Fnac-Darty network as a collection point depends on the actual availability of the service in that store at the time of the End Customer's order, which the Marketplace Seller can also verify. Weavenn cannot be held liable for the unavailability of the parcel collection service in certain stores. It is expressly stated that the list provided in **Appendix 3.1** is, by its nature, subject to change.
3. Rates	• **Appendix 3.2.** • These rates include order preparation, packaging and transport (round trip) and replace the rates set out in **Appendix 1.1. of Module 1** relating to order preparation, packaging and transport.
4. Invoicing	• Invoices are issued every ten days: - on the 11th of the month for Parcel Collection Services provided between the 1st and 10th of the month. - on the 21st for Parcel Collection Services provided between the 11th and 20th of the month. - and on the 1st of the month for Parcel Collection Services provided between the 21st and the last day of the previous month.
5. Information to be provided by the Marketplace Seller on their Seller Area	• The Marketplace Seller selects on the Seller Area the Eligible Products available for collection from Fnac-Darty stores. Weavenn reserves the right to exclude certain categories or certain Products for reasons of safety, handling and transport.
6. Parcel Collection services	• Parcel Collection Services include: - Parcel collection: Welcoming End Customers and handing over the parcel, subject to the provision of the order number or order reference in the name of the End Customer, as well as proof of the End Customer's identity. In the event of failure to provide proof of the End Customer's identity, Weavenn, or its subcontractor, reserves the right to refuse to deliver the parcel and will record this refusal – it cannot be held liable in this regard. - Returning parcels: collection from the store and return to the original warehouse: o not collected by End Customers within fifteen (15) days of being made available in store. o damaged and refused by End Customers. o collected from store by End Customers but subject to a right of withdrawal. • Storage and availability in store will be limited to a period of fifteen (15) days from the date on which the End Customer is notified that the parcel is available in store. After this period, the parcel will be returned to the original warehouse and returned to stock.
Appendices	**Appendix 3.1 – List of Fnac stores** **Appendix 3.2 - Parcel Collection Service Rates**
